

# NOTICE – Drop Off Instructions for Samples

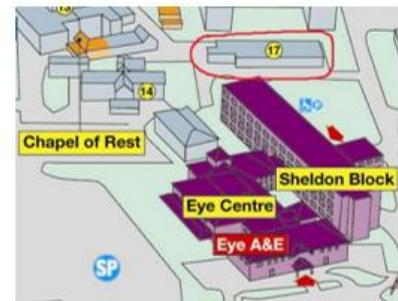

**PLEASE NOTE: THESE INSTRUCTIONS APPLY ONLY TO DROP-OFF SAMPLES.**

## Arrival at Hospital

Proceed directly to the **Toxicology Building, (17)**.

Drivers may park directly outside the Toxicology Laboratory for sample drop off only.

Entrance Via Western Road, Gate 4

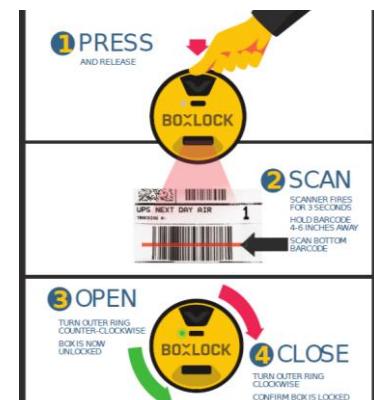

## Drop Box Procedure

Scan the QR code on label; wait for the green light to go out before rotating lock.

**\* If the QR scan fails, wait for three green flashes and the light to turn off before retrying\***

After placing the sample inside, lock the box by turning the outer ring clockwise.

This automatically sends an alert to Toxicology staff, notifying them of the sample's arrival for analysis.

## Support

If you have any problems accessing the lock box, please deliver the sample to the Biochemistry Laboratory at MMUH Hospital, Pathology Department, 4th floor.

**Label to be affixed to Package with Barcode to Scan  
and Open drop off box.**

**Black Country Pathology Services – Ethylene Glycol**

**Delivery Address:**  
**City Health Campus**  
**Toxicology Laboratory**  
**Dudley Road**  
**B18 7QH**

**\*\*PLEASE SCAN THE QR CODE TO OPEN THE DROP BOX\*\***
